Welcome to a Swedish Winter Tradition

Celebrate Lucia

A bright light in the cold winter...

The Lucia celebrations represent one of the foremost cultural traditions in Sweden. There are many legends about Lucia, but in each one she is the symbol of light and hope. She comes on the darkest day of the year to herald in a joyous season with singing, feasting and the spirit of friendship and goodwill towards all.

At 11:00 am, a candle light processional with Swedish choir music highlights this event. After the processional, children can visit with Jultomten (Santa).

Swedish crafts, gift items, baked goods and sweets will be available for purchase during the Yule Bazaar. Swedish food, pastries and beverages will be served.
